EXPERIENCE

○ Junior Automation Specialist 21/02/2025 - 09/05/2025

UVU Africa | Capaciti

- Built an automated leave management system using Workato, integrating Slack and Google Sheets to streamline leave requests, approvals, and real-time notifications.
- Designed and tested workflows with user inputs, conditional logic, and data syncing to reduce manual processes and improve operational efficiency.
- Gained hands-on experience with Workato components including triggers, actions, lookup tables, and workflow debugging.
- Collaborated on process design and created clear documentation to support user onboarding and long-term maintenance.

Technologies Used: Workato, Slack, Google Sheets, Lookup Tables, Webhooks, API Connectors, Workflow Automation, Conditional Logic

○ Software Developer Intern 23/10/2024 - 21/02/2025

UVU Africa | Capaciti

- Developed and deployed full-stack applications and responsive websites, focusing on performance, usability, and security.
- **Banking App:** Built a secure web-based banking system featuring user authentication, account creation, balance tracking, and transaction management (deposits, withdrawals, transfers).
- **Weather App:** Created a real-time weather app using OpenWeatherMap API, incorporating location-based data and responsive UI design.
- **Portfolio Website:** Designed and launched a personal developer portfolio to showcase projects and technical skills, optimized for speed and accessibility.
- **Websites:** Developed static and dynamic websites using HTML, CSS, JavaScript, Angular, and React for various user needs.

Technologies Used: React, Angular, HTML5, CSS3, JavaScript, TypeScript, FastAPI, Python, Spring Boot, MySQL, PostgreSQL, REST APIs, and GitHub

- **Automation Pro I**

Workato | 2025

- **Automation Pro II**

Workato | 2025

- **Automation Pro III**

Workato | 2025

- **SAP Professional Fundamentals |**

Coursera | 2025

- **Introduction Cybersecurity**

Cisco: PIACTA 2024

- **REST APIs with Flask and Python**

Coursera | 2025
